## Leona Belle Downey, M.D.

First, I want to thank my wonderful husband Greg, who has been here for me day by day, reminding me that he loves me whether I have earned Pass or Honors in my clerkships. This has helped me keep things in perspective and remember what's really important in my life.

Next, I want to thank my Mom, who has been my greatest supporter my whole life, always there with open ears, advice, encouragement, a funny story, a reminder that I've gotten through tougher times or just someone to talk to ---whatever I needed.

Next, I want to thank my Great Aunt Betty for her belief in me and for her interest in helping me fulfill my dreams. It is her generosity that has really allowed me to arrive where I am today.

Finally, I want to thank the rest of my family who have been there for me with support or comic relief when I have needed a break from the books. My Stepdad, Rusty, my brothers John and Joe, my sister-in-law, Amy, my nephew Joseph, my nieces Abbey and Megan, and my Great Aunt Ruby have all, in their own ways, helped me get through the last four years. Thank you all.

To: The SBCME Class of 2001  
I Will Take A Part Of You With Me.

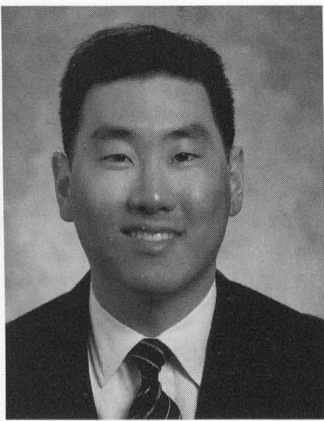

Damian, I take your integrity, the time you had me over for dinner, and our political conversations.  
Tony, your old college-like friendship, and tailgaters with Dr. McKee.  
Eric, your determination, 1-on-1 basketball, and weightlifting.  
Jason, your kindness, a car ride to Virginia, a walk home from The Backer, and ND home games.  
Liz, your happiness, a dance at Sr. Bar, and all the times I made you listen to rap music.  
Mike, your appreciation for a fine scotch, late night talks at Haggar, and the conversation on McCanna's porch.  
Joel, your genuine personality, football at Haggar, and "slashing" in anatomy lab.  
Ryan, your compassion, and getting me to play volleyball.  
Chris, your sense of style, and the best charades partner I ever had.  
Phil, your intelligence, and the only one to do the ice-block and death-row with me.  
Andy, your ambassadorship of "carpe diem", and too many last calls to recount.  
Matt, your easy going nature, Umphrey's McGee, and the time you showed up at 4 am at my house.  
Debbie, your strength, and gracious leadership for the first two years.  
Betsy, your thoroughness, and our Medicine rotations.  
Amy, your kind smile, and the time you wouldn't let me make our cadaver give the middle finger!

The 2 years at South Bend were great! Stay in Touch.  
Always Your Friend,

"My morality, the morality of reason, is contained in a single axiom: existence exists - and in a single choice: to live. The rest proceeds from these. To live man must hold three things as the supreme and ruling values of his life: Reason - Purpose - Self-esteem. Reason, as his only tool of knowledge- Purpose, as his choice of the happiness which that tool must proceed to achieve - Self-esteem, as his inviolate certainty that his mind is competent to think and his person is worthy of happiness, which means: is worthy of living. These three values imply and require all of man's virtues... rationality, independence, integrity, honesty, justice, productiveness, and pride." Galt's Speech in *Atlas Shrugged* by Ayn Rand

Ladies,  
My friends  
My sisters  
The newest members of my  
family...  
We have made it.  
We have survived  
Four years  
Of joy, pain,  
Laughter, heartache,  
And celebration.  
At last! We are here;  
We are Doctors.  
My experience here  
Has been much sweeter,  
Friendlier, more enjoyable  
All because of ya'll!  
I hold our friendships in very  
high esteem.  
I hope, pray and wish the very  
best  
For you all.

Wherever you may go,  
Wherever you may be  
Whatever you may do,  
You have a friend in me.

Love,  
K. Norman, M.D.

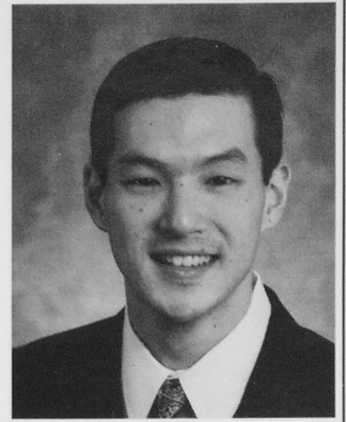

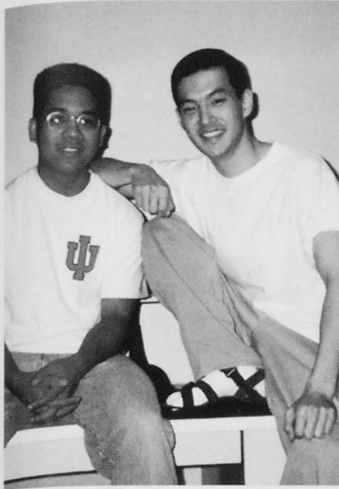

For he will  
complete  
what he  
appoints for  
me, an of  
many such  
things he is  
mindful.

Psalm 121:1-8  
I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, which made heaven and earth. He will not suffer thy foot to be moved: He that keepeth thee will not slumber. Behold, he that keepeth Israel shall neither slumber nor sleep. The Lord is thy keeper: the Lord is thy shade upon thy right hand. The sun shall not smite thee by day, not the moon by night. The Lord shall preserve thee from all evil: He shall preserve thy soul. The Lord shall preserve thy going out and thy coming in from this time forth, and ever for evermore.

"Every part of this earth is sacred to my people. Every shining pine needle, every sandy shore, every mist in the dark woods, every meadow, every humming insect. All are holy in the memory and experience of my people..."

"Will you teach your children what we have taught our children? That the earth is our mother? What befalls the earth, befalls all the sons of the earth."

"This we know: The earth does not belong to man, man belongs to the earth. All things are connected like the blood which unites us all. Man did not weave the web of life, he is merely a strand in it. Whatever he does to the web, he does to himself."

"One thing we know: Our God is also your God. The earth is precious to him, and to harm the earth is to heap contempt on its creator."

### PHYSICIAN'S OATH

**AT THE** Time of Being Admitted as a Member of the Medical Profession:

**I SOLEMNLY** pledge myself to consecrate my life to the service of humanity.

**I WILL** give to my teachers the respect and gratitude which is their due.

**I WILL** practice my profession with conscience and dignity.

**THE HEALTH** of my patient will be my first consideration.

**I WILL** respect the secrets which are confided in me.

**I WILL** maintain by all means in my power, the honor and the noble traditions of the medical profession.

**MY COLLEAGUES** will be my sisters and brothers.

**I WILL** not permit considerations of religion, nationality, race, party politics, or social standing to intervene between my duty and my patient.

**I WILL** maintain the utmost respect for human life; even under threat, I will not use my medical knowledge contrary to the laws of humanity.

**I MAKE** these promises solemnly, free and upon my honor.

*He* has given us morning,  
brightness and sun,  
Laughter to share,  
and work to be done.

*He* has given us rainbows,  
flowers, and song  
And the hands of our dear ones  
to help us along

*He* has given us prayer,  
with its wonderful power  
To lighten our hearts  
in a troublesome hour.

*He* has given us blessings  
to brighten our way,  
And always—the gift  
of another new day.

# Kris K. Samaddar

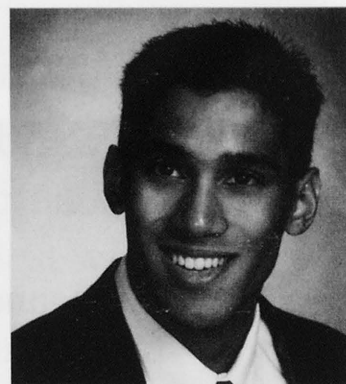

When you were five years old someone asked you what you wanted to be when you grew up and you said, "I want to be a physician." You could hardly pronounce the word but you said it with such conviction and resolve! Since then you have worked towards that goal often demanding extreme self-sacrifice, but you were relentless in overcoming the obstacles. You did it with firmness of purpose, dignity under pressure and God's constant guidance.

We are proud of the man that you have become and the caring doctor that you will be.

CONGRATULATIONS FROM  
YOUR LOVING FAMILY  
MOM, DAD, SIS, & ROB

## Let The Air Force Invest In Your Medical Future

If you're a medical student, you have enough on your mind. America's Air Force offers a scholarship program that can greatly reduce your financial burden. Under this scholarship, you continue your present studies--focusing on your medical training instead of how to pay for it. Participation is based on competitive selection. For more information contact an Air Force health professions recruiter near you. Or call 1-800-423-USAF.

*IMS Congratulates the  
Indiana University School of Medicine  
Class of 2001*

As our newest colleagues, we welcome you to the profession of medicine and congratulate you on your recent achievement.

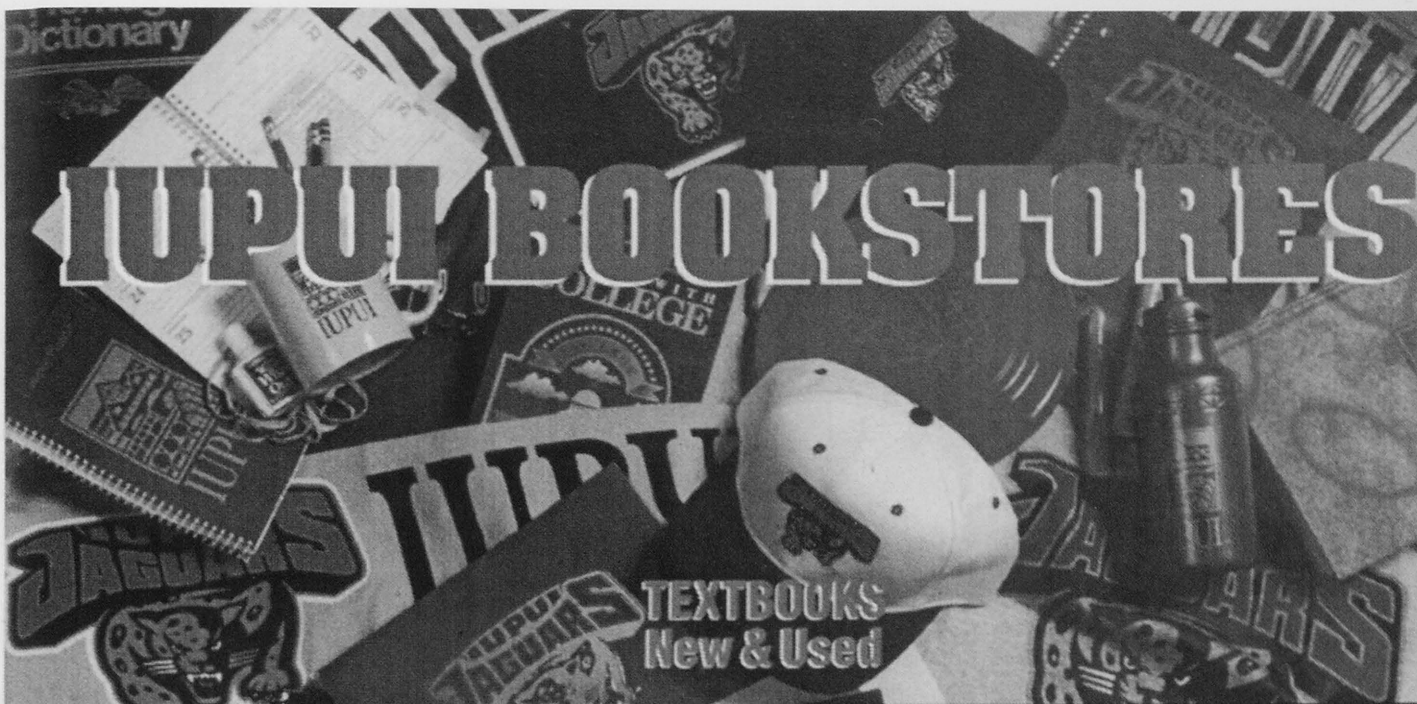

The most distinguishing feature of a profession is the ability to work together for the common good of the profession and those they serve. We trust that you will want to be a part of this effort

As local affiliate of the American Medical Association, The Indianapolis Medical Society serves as your point of entry into the professional body of medicine. Please accept our invitation to become involved in the future of medicine. For membership information, call the Society Office at 639-3406.

On behalf of your colleagues and teachers, we wish you continued success and hope to be of service to you in the future
